ADVANCING "WE" IN POLICING ONTARIO WORKING GROUP

Presents the

2024 AWIP ON CONFERENCE

Leadership of Self - Creating Brave & Inclusive Culture in Policing ~ We all know that how you show up and hold space for yourself and others is where change truly begins, and new police culture authentically arises.

Advancing WE in Policing – Ontario (AWIP ON) is proud to announce it's 3rd conference, supported by Peel Regional Police.

SPONSORSHIP OPPORTUNITIES AVAILABLE

This four-day conference will be delivered true to AWIP ON standard with executive guest speakers, fireside chats, panel discussions, daring conversations, and our popular raffle with many prizes to be won. We invite you to participate in listening to experts discussing "Leadership of Self", "Toxic Workspaces", "Psychological Safety in the Workplace", "Inclusive Leadership", "Allyship", and "Organizational Change". Learn what is currently being implemented in organizations that are experiencing positive growth and creating brave cultures, listen to lived experiences and toxic culture survivors, discuss existing research validating the need for culture change, and meet the policing diversity support groups as well as mental health supports for first responders and their families.

WE could not meet our goal of helping organizations become a safer space without the assistance of supporters and businesses within our communities. WE ask that you or your organization consider contributing to one of our sponsorship opportunities. Multiple levels of sponsorship are available, each featuring displays of your corporate logo in our conference materials and in our various social media streams.

Please see next page for sponsorship opportunities and reach out to awip.on2020@gmail.com to donate directly or further clarification.

WE are striving to create change by working collectively and collaboratively, thank you for your support and assistance

Tammy Fryer Inspector (Ret.)
Chair, Advancing WE in Policing
